

Agency Receives Additional Funds for Blizzard Box Project

For the third consecutive year, The Kerr Addition Christians Who Care elected to designate the Clearfield County Area Agency on Aging Blizzard Box Project as the recipient of a special donation. Louis Calhoun is shown presenting the donation to Sue Kordish, Director of Planning and Program Operations. Mr. Louie Calhoun urges other faith-based groups and organizations to consider following the Kerr Group's lead. Blizzard Boxes are made possible solely through local donations. For more information on the Blizzard Box Program, please contact the Clearfield County Area Agency on Aging, Inc. at 765-2696.
